CONNECTIVE

Social Media Community Guidelines

At Connective, we use social media to connect with our communities. Our goal is to create a safe, positive, and inclusive space for all.

When interacting with our accounts, we ask that everyone follow our community guidelines:

- **Respect**: Treat all members of the community with kindness and respect. No form of harassment, bullying, or discrimination will be tolerated.
- **Relevance**: Keep your posts relevant to the community and its purpose. Off-topic posts and spam (such as promotional content) may be removed.
- **Constructive Criticism**: When giving feedback, ensure it is constructive and helpful. Personal attacks or offensive comments are not allowed.
- **Compliance**: Follow all platform rules and regulations. Any content that violates these rules will be removed and may result in further action.

If you see something that violates any of these guidelines, please report it to us. Thank you for helping us create a welcoming community!
